

KIRC Ocean Program Monthly Report

January 1 – 31, 2002

Projects & Activities

↑ The future KIRC boathouse site. Limu collected at 4 survey sites. →

Limu found on the mooring at Honokanai'a. None of it alien. →

- Ocean Program met with the boathouse architect and coordinated with the Culture Program on the Burial and Site Preservation Plans regarding proposed buffer zones.
- Four sites were selected for seasonal Limu surveys: Honokanai'a, Maka'alae, Hakioawa, and Lae 'o Kealaikahiki; 2 of Dr. Abbott's students, 1 KIRC volunteer, and the Cultural Education Coordinator for the HINHWS joined the limu team.
- Checklists for fish were also made for each site.

- Ocean Program's Volunteer/intern recruitment effort continues with partnerships w/ local environmental and cultural non-profits.
